Maximum dispensing force	3,000N
Holder size	300ml
Stroke	216mm
Anti-drip function	Yes
Toolless Piston Replacement System	Yes
Light	LED White
Weight	2.0kg
Dimensions (L x H x W)	482 x 252 x 82mm
Standard accessories	Hook and safety glasses

#### Features

The caulking gun is able to be placed upside down while working thanks to the protrusion on the top of the main body and the rack handle to make it easier to unload and load caulking cartridges

Toolless piston replacement - The piston can be detached from the plunger rod by unscrewing the piston counter-clockwise and then attached by screwing the piston in a clockwise direction

Anti-drip function - the piston retracts slightly to prevent the remaining sealing material at the end of the nozzle from dripping

Adjusting the operating speed can be done while operating the caulking gun

Compatible with HiKOKI Multi Volt and BSL18 series batteries

## **Selling Points**

Toolless piston replacement

#### Anti-drip function

Compatible with HiKOKI Multi Volt and BSL18 series batteries
