Cutting Amount	35.0m/Ah
Depth Adjustment	Yes
Shaft Lock Button	Yes
Perimeter of Grip	169mm
Dimensions (L x H x W)	278 x 118 x 82mm
Weight	1.0kg
Standard Accessories	1 x 1/8" collet 1 x 1/4" collet 2 x 1/8" bit, 1 x 23mm Wrench 1 x Hook

Features

Highly efficient brush less motor, the cutting speed of the M18DYA is 1.6 times higher than the opposition and the cutting amount is more than twice the amount.

Slim grip for easy one-handed operation.

Tool-less base adjustment.

LED light warning signals will blink when the overload & temperature functions activate during operation (refer to the user manual for more information).

Restart prevention function - when the power is still switched on, the tool will not restart when a battery is installed. This function can be canceled once the tool is switched off.

Compatible with HiKOKI Multi Volt and BSL18 series batteries.

Selling Points

High cutting speed and cutting amount

Slim grip for ease of operation

One-handed operation with trigger control

Bright LED Light

Tool-less base adjustment

Restart prevention function

Braking function

Overload protection
