HiKOKI Power Tools. Building on the legacy, to shape tomorrow.

Ever since 1948 we've been designing and developing high performance power tools. For over 70 years our Japanese engineers have utilised their technological knowledge, skills and experience to constantly improve our power tools. Guided by Japanese design principles, every element of our products is chosen to improve performance, balance, usability, longevity and control. Our attention to details ensures the professional finishes every job as easy as possible. That's what drives us and keeps us one step ahead.

One battery platform for 36V and 18V power tools.

- Easier and save money with one battery system to power all your cordless tools.
- Compatible with HiKOKI 36V & 18V power tools and even with old Hitachi 18V power tools.
- Delivers maximum power till the very last second whilst preserving the life of the battery.
