

H41ME(H1Z)
Demolition Hammer
5.1kg SDS Max

Barcode 4966376267958

AC Brushless motor for improved durability and performance

LVH (Low vibration handle) for improved user comfort

One-touch tool holder allowing for faster and easier bit swapping

Specifications

Bit Shank	SDS Max
Input power	1,050W
Full Load Impact	2,870 (min-1)
Joules	10j
Weight	5.1kg
Length	427mm

Included accessories

- 280mm bull point chisel
- Side handle
- Carry case

Selling Points

- Lightest weight in its class
- Highest demolishing performance in its class
- Maintenance free and high efficiency AC brushless motor

Features

- AC Brushless motor for improved durability and performance
- LVH (Low vibration handle) for improved user comfort
- One-touch tool holder allowing for faster and easier bit swapping
- Can be used with a petrol powered generator
