

## UC18YTSL(H0Z)

### Battery Charger Multi Port Charger

Barcode 4966376329311

**NEW**

Ability to charge up to 4 batteries simultaneously or individually for faster charge times

Inclusion of 2 x USB ports allows for charging of mobile devices

Ability to be powered by engine generators

#### Specifications

Number of charging ports	4		
Voltage	14.4V / 18V / MultiVolt		
Charging current	8.0Ah		
Number of battery charge	Rapid Charge (Single charge)	Simultaneous charge	
	1st battery	38 / 32 / 20 min	152 / 128 / 80 min
Charging time (6.0Ah/5.0Ah/3.0Ah)	2nd battery	76 / 64 / 40 min	
	3rd battery	114 / 96 / 60 min	
	4th battery	152 / 128 / 80 min	
Dimensions (L x W x H)	255 x 181 x 112		
Weight	1.6kg		

#### Selling Points

Individual or simultaneous charging unique to HiKOKI Multi Port Charger

Incorporates cooling functionality

Able to charge batteries in extreme temperatures (from -10°C to 50°C)

#### Features

Ability to charge up to 4 batteries simultaneously or individually for faster charge times

Inclusion of 2 x USB ports allows for charging of mobile devices

Ability to be powered by engine generators

Overcharge protection system prevents damage to the batteries

#### Applications

Charging any Hitachi/HiKOKI 14.4V, 18V or MultiVolt slide batteries
