# Smaller, Lighter, Faster than corded

- Approx. 40% Lighter\*
- Approx. 40% Faster\*
- 9mm in depth approx. 60m per charge\*\*
- 12mm in depth approx. 45m per charge\*\*
- Compatible with 12,8,6mm or 1/2", 1/4" bits

\*Versus HiKOKI M12V2 corded router. Value shown is for reference only and may vary according to the battery's state of charge and operating operations.

\*\*Using BSL36A18 battery and 8mm straight bit into plywood

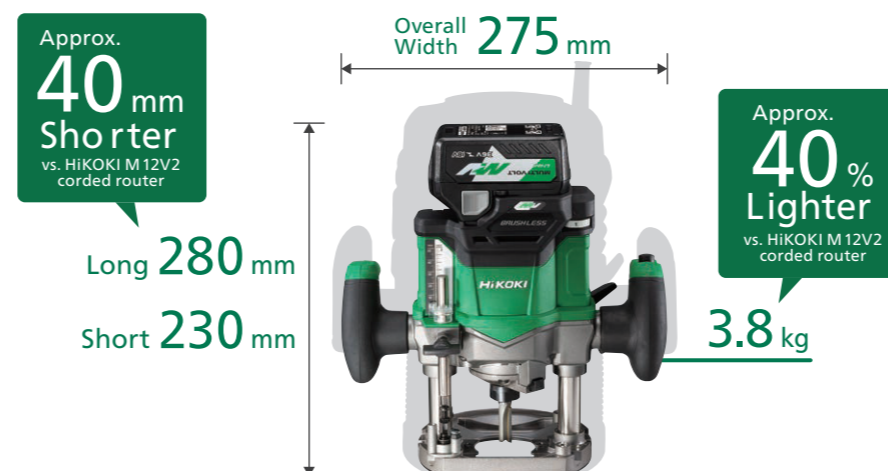

Bit sold separately.

## No cord that will limit your movement and get in the way

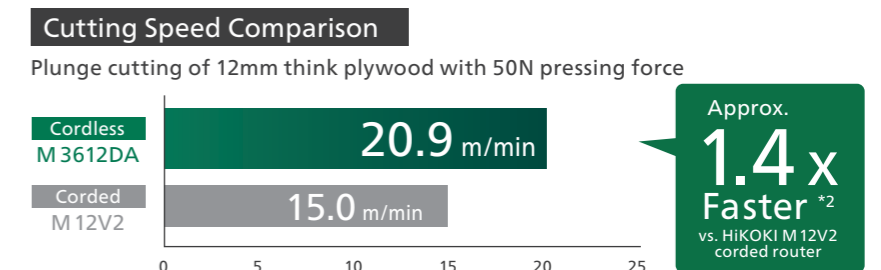

### Compact and Lightweight

The M3612DA(H4Z) cordless router is designed for smooth groove cutting, window cutting, shaping and more, providing easy maneuverability with its compact size and light weight.

### Faster than a Corded Router

With a 36V MULTI VOLT battery and brushless motor, The M3612DA(H4Z) are incredibly powerful and capable of handling heavy workloads and cuts even faster than a corded model.
