

GM13Y(H1Z)

AC Concrete Grinder

Barcode 4966376338573

High performance motor

Adjustable speed to suit multiple applications

Specifications

Voltage	230 V
Rated input power	1,900 W
Max. diameter of accessory	125 mm
No-load speed	3,800 to 8,200 min ⁻¹
Vibration level under load	6.94 m/s ²
Noise level under no load	103.0 dB (A)
Weight without mains cable	3.6 kg
Dimensions (L x W x H)	475 x 199 x 125 mm

Features

- Easy to open safety guard
- Tool-less adjustable loop handle
- Easily attaches to a vacuum cleaner to collect dust

Included Accessories

- 2-hole spanner
- Plastic case

Optional Accessories

- Part no: 4100291 For natural stone, granite, concrete and building materials applications
- Part no: 4100292 For abrasive materials and screed applications
- Part no: 4100293 For coating, sealing, surfacer, plaster, adhesives, screed and medium hard green concrete applications
- Part no: 4100295 For concrete and universal applications

Selling Points

- Robust and durable construction
- Restart protection and soft start feature
- Constant speed control

Applications

- Smoothen uneven surface on concrete
- Grinding on plasters, coating, tile glue and paint
