Cordless UB18DB 18V 2,000lm Work Light

Features

- Adjustable brightness between 350 - 2000lm to ensure suitable lighting of the workplace
- The battery indicator lamp displays the remaining battery power
- This cordless work light is manufactured to meet the requirements of IP54 (dust-resistance and splashing water) for electrical equipment as per IEC60529
- The cordless work light can be adjusted 360° vertically to get the best angle for lighting the workplace
- The intergrated hook allows you to hang the work light at the best position for lighting the workplace and swivels out of the way when not in use
