Features

Compact and easy to use with a 120mm long in head length
Powerful Tightening Torque of 175Nm

The WH18DE impact driver stays running at low speeds and is suitable for delicate work

Along with a low minimum speed of 100rpm, the highly responsive trigger has less play in it than conventional impact drivers and is more responsive and easier to control.

Compatible with the HiKOKI MultiVolt battery and 18V Slide batteries

Selling Points

Compact and easy to use

Powerful Tightening Torque of 175Nm

Works well at low speeds

Highly responsive trigger switch

Compatible with the HiKOKI MultiVolt & 18V slide batteries

Applications

Tightening and loosening various screws, bolts and nuts
