

WR36DH(H4Z)

36V Brushless 12.7mm Impact Wrench

Barcode 4966376410613

Top-class tightening torque of 380Nm

Equipped with Auto-Stop function to prevent over-tightening of bolts and Auto-Slow function to suppress drop nuts

Easy to attach and remove the socket

IP56 (dust and water resistant)

Specifications

Voltage	36V
Motor type	Brushless
Square Drive	12.7mm (1/2")
Max Torque: Tightening	380Nm
Nut Busting Torque	700Nm
Capacity	Bolt: M10 - M20 High tension bolt: M10 - M16
No load speed	High: 0 - 3,000(min-1) Medium: 0-2,400(min-1) Low: 0 - 1,200 (min-1) Single mode: 0 - 1,800(min-1)
Full load impact rate	0 - 4,100 (min-1)
Weight (with BSL36A18 battery)	2.0kg
Length	144mm
Battery type	BSL36A18: Li-ion MultiVolt (Battery A)

Features

Top-class tightening torque of 380Nm

Providing exceptional power and performance for a variety of tasks. This high torque output enables effortless fastening and loosening of bolts and nuts, even in demanding applications.

Auto-Stop function

This feature prevents over-tightening of bolts by automatically stopping the tool once the desired torque level is reached. It helps prevent damage to the fasteners and ensures consistent and accurate tightening.

Auto-Slow function

Suppresses drop nuts, providing enhanced control & stability during operations. This feature helps prevent accidents and ensures a more efficient and productive work process.

Ease of use

It features a user-friendly mechanism that makes it easy to attach and remove the socket, saving time and effort when changing between different sizes or types of fasteners.

IP56 Dust and water-resistant

This rugged construction ensures the tool can withstand harsh working environments, providing durability and reliability in challenging conditions.

Applications

Tightening and loosening of all types of bolts and nuts, used for securing structural items
