

UB18DG(H4Z)  
18V Cordless Tripod Light

Barcode: 4966376317707

- Powerful brightness of 4,000lm
- Versatile height adjustment (max 2.15m)
- Built for Spot & Area lighting irradiation
- AC & DC power options
- IP56 dust & water resistant
- Battery status alert function

18V IP56

Specifications	
Voltage	18V
Brightness Adjustment Range	Max: 4,000lm
	High: 3,000lm
	Medium: 2,000lm
Light	Low: 1,000lm
	LED (White)
Dimensions (L x H x W)	Extended: 2,150 x 630 x 720mm
	Retracted: 1,035 x 222 x 210mm
Weight	8.1kg (without battery)
Accessories	AC Adaptor

- Features**
  - Powerful Brightness**  
Illuminate your surroundings with a maximum luminous flux of 4,000lm, ensuring exceptional visibility.
  - Versatile Height**  
Extend your light source to a maximum height of 2m15cm, providing ample coverage for various situations.
  - Spot and Area Lighting**  
Enjoy the flexibility of spot and area irradiation, catering to your specific lighting needs.
  - Dual Power Supply**  
Benefit from both AC and DC power options, ensuring uninterrupted lighting in any setting.
  - Durable Performance**  
With an IP55 rating, this light is resistant to dust and water, making it reliable in challenging environments.
  - Battery Status Alert**  
Stay informed with a battery level notification function, keeping you in control of your lighting needs.

**Applications**  
Irradiation of work areas during jobsite operations.
