Cordless Screw Drivers

18V W 18DA

18V W 18DB

Easy to Use with Various Functions

BRUSHLESS

Easy to Use with Various Functions

★ Quick-Release Magazine

The collated screw magazine can be quickly attached and detached according to the application.

★ Automatic Mode for Continuous Tightening Operation

In automatic mode, the tool starts automatically when pressed against a surface. This increases user comfort and reduces power consumption.

★ LED Light

An integrated LED light provides clear visibility.

★ Impulse Mode for Precise Countersinking

The selectable impulse mode allows precise driving in of protruding screws.

★ User-Friendly Design

The depth of drive can be easily set by turning the setting sleeve. An easy to grip handle also allows precise handling and optimal power transmission to the screw.
