

Low-vibration 18 V cordless multitool with brushless motor and StarlockMax tool mounting

- StarlockMax tool mounting for fast work progress and perfect results, even with power-intensive work
- All accessories in the Starlock, StarlockPlus and StarlockMax performance classes can be used
- User Vibration Protection (UVP): maximum user protection through low-vibration and low-noise operation
- One-handed tool change in seconds
- Variable speed for versatile applications and materials
- Large oscillation angle of 4° for efficient work
- Brushless motor for high power, less wear and a long service life
- Slim grip circumference for comfortable handling
- Integrated bright LED for a clear view on the work surface

Product ID	CV18DMAW2Z
EAN	4966376417469
Battery voltage	18 V
Tool holder	STARLOCK MAX
Oscillation frequency	6000 - 2000
Oscillation angle	4 °
Weight (without battery pack)	1.3 kg
Weight (with battery pack)	1.3
Tool length	342 mm
Tool width	88 mm
Tool height	130 mm
Auto mode	No
Restart protection	Yes
Toolless blade change	Yes
LED light	Yes
Brushless	Yes

Standard Accessory Supplied

Multi tool blade, Tool box, Sanding pad, Sanding paper, Dust collector, Stackable System Case 2
