

Low-noise 36 V cordless blower with high performance, ideal for construction sites and gardens

- Versatile use: cleaning work surfaces and machines, blowing off chips and dirt, removing leaves, and much more
- Perfect for use in noise-sensitive areas thanks to battery operation and low-noise axial fan
- Comparable performance to gasoline-powered blowers for demanding applications such as blowing wet leaves
- Steplessly adjustable air speed for precise control of blowing power
- Selectable TurboBoost for short-term maximum performance in demanding applications
- Comfortable continuous operation with maximum blowing power thanks to switch lock
- Slim axial fan with high air flow and low noise for high user comfort
- Brushless motor for high power, less wear and a long service life
- Compact and lightweight design for effortless working
- Perfect setup for any application: round nozzle for a concentrated air flow, flat nozzle for a wider air flow with higher speed
- Removable blower tube and hanging hook for space-saving storage
- Powered by MULTI VOLT, the intelligent battery system for 18 V and 36 V power tools: best performance, maximum freedom
