

SDS-Plus combination hammer for powerful hammer drilling up to Ø 35 mm in concrete

- Combination hammer with 3 functions: hammer drilling, drilling and chiselling
- Quick change between SDS-Plus chuck and keyless chuck (accessory) for extended range of applications with cylindrical drill bits
- Double safety when the drill bit jams: no kickback thanks to mechanical decoupling plus sensor-controlled shutdown (Reactive Force Control RFC)
- User Vibration Protection (UVP): designed to minimize vibration levels in all circumstances and to increase operator comfort
- Reduction of speed and impact energy possible for starting a drill hole or working in softer materials
- Integrated LED light for a clear view of the work surface
- Can be switched to reverse rotation for easy removal of jammed drill bits
- Ergonomic soft grip handle for optimum control and for longer comfortable working

Product ID EAN

DH35PMCH1Z
4966376421374

Rated input power	1050 W
Voltage	230 V
Mains frequency	50 Hz
Impact energy (EPTA)	4.2 J
No load speed	0-81
Full load impact rate	
Drill diameter concrete	3.4 - 35 mm
Drill diameter mild steel	20 mm
Drill diameter wood	30 mm
Tool weight	5 kg
Cable length	3.9 m
Tool length	380 mm
Tool width	100 mm
Tool height	250 mm
Application	Full Load Drilling into Concrete
Vibration	17.2 msec ²
Vibration uncertainty K	1.5 msec ²
Application	Full Load Chiselling
Vibration	12.8 msec ²
Vibration uncertainty K	1.5 msec ²
Emission sound pressure	93 dB
Emission sound power	101 dB
Emission uncertainty KpA	3 dB
Right- left rotation Forward reverse rotation	Yes
Slip clutch	Yes
Lock-on function	No
Dust extraction unit compatibility	No
Aluminium housing body	No
Low vibration handle	Yes
LED light	Yes

Scope of delivery 1

Side Handle, Depth Gauge, Blow Case
